

HOW TO PROVIDE YOUR PERSONAL DOCUMENTS FOR VERIFICATION

Proof of ID (POI)

Scan or take a colour picture of your International Passport.
The image should be in full page as shown below.

If you do not hold an international passport, you may provide any other form of official government-issued identification document (i.e. Identification Card, Driving Licence).

For ID and Driving License, scan or take a picture of front and the back side.
The whole document should be fully visible and clear.

Proof of Residence (POR)

Scan or take a colour picture of your recent utility bill (i.e. water, gas or electricity bill), local authority bill, or any other official document stating your full name and full address, as written in your online registration form.

Please note the POR issue date must not be more than 6 months old.

Alternatively, you can use your bank statement as a Proof Of Residence, showing your name and address, issued no longer than 6 months back.

For more information on Account Opening procedures and requirements, please read our [Terms and Conditions](#).

Payment Cards

If you choose to deposit with credit card, scan or take a colour picture of front and back side of your card.

- ▶ The front side must clearly show the last four digits, expiry date and the name of the cardholder.
- ▶ The back side must show the last four digits and the cardholder's signature. Blank-out the 3-digit security code and the card number reflection if any.
